Police Respond to More Car Vandalism

By MORAG MACLACHLAN

After a rash of vandalism two weeks ago, police responded to another resident claiming her car had been vandalized.

Lt. Roger Banfill said police responded to the Chandler School at about 4 p.m. on Friday. A woman said the passenger side of her boyfriend's car had been keyed.

Beginning on Sunday Dec. 11, the department received numerous reports on vandalism. A Dodge Intrepid was stolen and the car's windows

smashed. The car was eventually found at a cranberry bog on Mayflower Street.

A Bianca Road resident and a Winter Street resident also reported their cars had been vandalized Saturday evening.

On Monday, Dec. 12, the department received a call from a resident on Lewis Farm Road saying that two CDs were missing from their vehicle. On Tuesday, Dec. 13, a gentleman on Brick Hill Road reported all four tires on his car had been slashed.
